

LAWRENCEVILLE

GEORGIA

Rock Delivery Agreement Form

Property Owner: _____

Address: _____

The City of Lawrenceville will deliver rock to the address noted above for the purpose of the property owner making drainage and erosion improvements on the owner's private property. The rock will be delivered only if the owner requesting the rock delivery agrees to the following conditions:

1. The City Engineer will inspect the property to determine if the rock will be sufficient enough to solve the erosion problem or if another solution is necessary.
2. The City of Lawrenceville will deliver the rock only. The property owner will be responsible for the permanent placement of the rock.
3. The rock will be dumped at a location on the property designated by the owner. Dump location shall be as close to the road as possible and off the street right-of-way.
4. The property owner shall hold the City of Lawrenceville harmless for any damages that may occur due to delivery of the rock.
5. The property owner will pay for the rock at the time of delivery. Upon placement of the rock and approval by the City Engineer, the property owner shall then be reimbursed for the cost of the rock.
